

AMORIM WISE

Smart choice.
Amazing sensations.

AMORIM CORK FLOORING

AMORIM WISE

WISDOM

Amorim WISE people apply experience, knowledge and ethics to make choices. They know that a clean environment is vital and that cork is the perfect solution for their homes. This is wisdom. This is being Amorim WISE.

IMAGINATION

Can we imagine the future? Yes. Taking the facts into our own hands allows us to build the future as planned. Amorim WISE people are creative and expect more from brands. They want innovation, creativity and insightful products. Amorim WISE answers to these demands by providing cutting-edge solutions.

SUSTAINABLE

Adopting a sustainable lifestyle is, more and more, a commitment made by people. Then it's natural to experiment and adopt sustainable practices. Amorim WISE is the brand that addresses this increasingly demanding public.

ENTHUSIASM

Despite everyday concerns, enthusiasm is one of the characteristics of Amorim WISE people. This attribute inspires contemporary generations to believe in a better future and to act for change. Because of technology, sustainability or new lifestyles. Why Amorim WISE? Because when these people find a brand capable of expressing that idea, the path to partnership is open.

When negative is extremely positive...

DO YOU KNOW WHAT "NEGATIVE CARBON BALANCE" MEANS?

It is an extremely positive thing for the environment. It's a breakthrough:

It means that more carbon is removed from the atmosphere than emitted during the production of some Amorim WISE products. For this reason, these products are CLIMATE POSITIVE.

IT RETAINS CO₂ FROM THE ATMOSPHERE

For each ton of cork produced, the cork oak forest retains up to 73 tons of CO₂ from the atmosphere.

Cork also continues to retain CO₂ even after it has been transformed, maintaining its exceptional properties.

IT HELPS TO REDUCE GLOBAL WARMING

AMORIM WISE

is Sustainable

With respect for nature and wellbeing as its core values, Amorim WISE has reached a remarkable negative carbon balance in most of its products, helping to reduce the global warming potential.

9 YEARS

The period of time between each cork oak harvesting.

100.000

Direct and indirect jobs are created by the cork industry.

NO TREES ARE DAMAGED

Or cut down during harvesting.

CO₂ RETENTION

For each ton of cork produced, 73 tons of CO₂ are retained from the atmosphere.

CORK HARVESTING

Is one of the highest paid agricultural jobs in the world.

200 YEARS

The average lifespan of a cork oak tree.

Amorim WISE floors are the purest outcome of a Circular Economy model that aims to turn waste and used cork stoppers into a valuable and sustainable product.

Sustainable by heart

Environment

Cork harvesting does not affect the retention capacity of the cork oak forest.

Close distances

Factories are located within few kms from the forests.

Economy

The cork oak forest creates jobs in the cork industry and in other related industries.

Reincorporation of waste

Any cork waste and surplus is collected, granulated and reincorporated in the production process, originating a lower carbon footprint.

Social Impact

The cork industry promotes settlement in areas at risk of desertification. Cork harvesting is an activity that crosses generations.

Biomass

The dust from the production lines is vacuumed and conducted to silos, where it is burned to generate energy through biomass. More than 60% of our energy comes from cork dust.

To preserve nature is to value life.

Sustainability is much more than protecting and preserving nature. It is, first and foremost, the concept of finding balance between us as human beings and our natural environment.

One of the core values of Amorim WISE is the **Respect for Nature**. With a green production process and use of natural, sustainable and recyclable raw materials, Amorim WISE promotes people's well-being.

Beyond its remarkable sustainability credentials, Amorim WISE is also a **high end product** that combines high quality with avant-garde and unique design. Inventiveness, inspiration, expertise and innovation are some of the words that describe Amorim WISE products.

Available in 3 different visuals such as cork, wood and stone, Amorim WISE is available in 3 technical solutions, Inspire 700, Pure and Pro, and one range of wall coverings, Dekwall.

Amorim WISE portfolio combines unique properties and the sustainability of cork, with innovative design and state of the art technology.

Smart choice, amazing sensations.

Your feet will love this soft walk.

Amorim WISE has a modern design with the trendiest colours available in Cork, Wood and Stone looks. This means you can have unique and distinctive spaces: *beautiful to see, comfortable to walk on.*

The comfort of **AMORIM WISE**

INDOOR AIR QUALITY

Compliance with the strictest indoor air quality standards after being tested on over 2000 potential chemicals.

WALKING COMFORT

Superior sense of comfort, even when walking barefoot.

NATURAL THERMAL INSULATION

Optimal floor temperature all year round.

IMPACT RESISTANCE

Highest shock absorbing performance.

SILENCE

Walking sound reduction up to 53%.

cork

Being inspired by Nature
is the beginning.

cork inspire 700 HRT

A sustainable flooring solution, with a remarkable negative carbon balance and a waterproof multilayered cork structure. The cork designs give the floor a distinctive look and personality, where each plank is unique by Nature. The natural touch and feel, combined with the highly resistant HRT finish, is the best solution for those who prefer a flooring with superior comfort and excellent thermal and acoustical performance.

Formats

1225 x 190 x 7 mm

Maintenance

Optimal care for an everlasting beauty

To keep your floor spotless, Amorim has a set of auxiliary products available. Each of these has a specific purpose and is designed to make the caring of your floor as easy as possible. To be aligned with Amorim's commitment to wellbeing, we recommend the use of auxiliary products (levelling compounds, primers, adhesives or varnishes) that have low-emissions to the environment.

Regular Maintenance

Soft Cleaner

This mild detergent is appropriate for weekly or even daily cleaning. It can be used to remove dirt, stopping it from infiltrating in the joints and in the regular embossing of the product.

Spray Cleaner

Designed for regular cleaning, this mild detergent has the advantage of being a spray, which makes it a quick and easy solution to apply directly on the floor. It is very effective in cleaning dirt or grease stains.

Skirtings

In order to help create a more classy and harmonious interior, Amorim provides skirting profiles to complement your floor. Create your ideal transition between the walls and the floor, whether by an exact match or contrasting colours.

Contact your supplier for information on the available skirting references.

TÜV-PROFICERT is a transnational certificate for VOC-emissions and air quality, certifying that a product complies with different national regulations, such as AgBB, Belgian VOC regulation, Finnish M1 classification, BREEAM Exemplary Level, LEED v4 (outside North America), RAL-UZ 120 and Austrian Eco Label (Guideline UZ 56).

As of January 2012, France has adopted regulations that limit total VOC emissions of building products. Manufacturers, selling their products in France must obtain a classification ranging from A+ (very low emissions) to C (high emissions). The declared goal is to improve indoor air quality in private/commercial buildings.

CE marking is a certification mark that indicates conformity with health, safety and environmental protection standards for products sold within the European Economic Area (EEA).

Greenguard certification identifies products that have low chemical emissions, improving the indoor air quality. The GOLD certification ensures that a product is acceptable for use in environments such as schools and healthcare facilities.

Blue Angel is a voluntary certification that follows rigorous environmental standards and is renowned as a reference guide for a more sustainable way of living. Blue Angel is synonym of a product (or service) that meets rigorous criteria of environmental performance such as being PVC free.

EPD Environmental Product Declaration is a third-party independent evaluation that reports environmental data of products based on their life cycle assessment. A product with an EPD guarantees to the consumers that it respects environmental standards.

	ISO 24337	≤ 1500 mm: Δl ≤ 0,5 mm / > 1500 mm: Δl ≤ 0,3 mm/m	Complies	-
Width, w	ISO 24342	≤ 0,15 %	-	Complies
	ISO 24337	Δwavg ≤ 0,10 mm, relative to nominal value / wmax - wmin ≤ 0,20 mm	Complies	-
Squareness, q		≤ 0,10%	-	Complies
	ISO 24337	max ≤ 0,20 mm ≤ 0,25 mm	Complies	-
Straightness, s		max ≤ 0,30 mm/m	Complies	-
	ISO 24337	≤ 0,25 mm	-	Complies
Residual indentation	EN ISO 24343-1	≤ 0,1 mm	-	Complies
Castor chair resistance	EN 425	25 000 cycles	-	Complies
Dimensional stability due to variation of temperature	EN ISO 23999	≤ 0,25 %	-	Complies
Curling	EN ISO 23999-2018	≤ 2mm	-	Complies
Light Fastness	ISO 105-B02:2014	Blue Scale > 6	-	Complies
Openings, o	ISO 24337	max ≤ 0,20 mm	Complies	-
Height difference, h	ISO 24337	hmax ≤ 0,15 mm	Complies	-
Flatness of the panel (Length - concave / convex)	ISO 24337	concave ≤ 0,50 % / convex ≤ 1,0 %	Complies	-
Flatness of the panel (Width - concave / convex)	ISO 24337	concave ≤ 0,15 % / convex ≤ 0,20 %	Complies	-

CLASSIFICATION PROPERTIES		EN 16511		
Wear resistance IP	EN 15468, procedure B	≥ 5 000 cycles	Complies	-
Impact resistance [mm] (big ball)	EN 13329-2006+A1:2008, Annex F	≥ 1600 mm	Complies	-
Castor chair resistance	EN 425	25 000 cycles	Complies	-
Resistance to staining	EN 438-2	Groups 1 and 2: grade 5 / Group 3: grade 4	Complies	-
Residual indentation	EN ISO 24343-1	≤ 0,2 mm	Complies	-
Dimensional stability due to variation of temperature	EN ISO 23999	≤ 0,25 %	Complies	-
Effect of furniture leg	EN 424	-	No Visible Damage	-

WEAR AND PERFORMANCE REQUIREMENTS				
Abrasion resistance	EN 13329-2006+A1:2008 Annex E (Sandpaper-Method)	> 5000 cycles	-	Complies
Micro-scratch	EN 16094	≤ MSR-A2	-	Complies
Furniture leg	EN 424	no visible change / damages	-	Complies
Resistance to staining	EN 438-2:2019	Group 1: Grad 5 / Group 2: Grad 5 / Group 3: Grad 4	-	Complies

SAFETY PROPERTIES		EN 14041		
Fire resistance	EN ISO 11925-2 + EN ISO 9239-1: Class EN 13501-1	Class	Cfl-S1 (cork, wood HRT & stone) Dfl-S1 (wood SRT)	Cfl-S1
Slip Classification	EN 13893	Class	DS	DS
Formaldehyde emission	EN 717-1	Class	E1	E1
Content pentachlorophenol (PCP)	CEN/TR 14823:2004	mg/kg	-	Complies
Electrostatic Behaviour	EN 12673	% mg/kg	Undetectable	-
	EN 1815:2016	kV	-	Not Antistatic

ADDITIONAL PROPERTIES				
Swelling	ISO 24336	≤ 12 %	-	Complies
		≤ 18 %	Complies	-
Impact sound reduction	EN ISO 10140	dB (ΔLw)	18	10
Walking noise	IHD-W431	dB %	Reduction improvement 18,5 dB Difference of loudness 65%	Reduction improvement 12,6 dB Difference of loudness 57%
Thermal conductivity	EN 12667	(m ² K)/W	0,111	0,02

(a) Grade 5 - No change / Grade 4 - Slight change / Grade 3 - Moderate change / Grade 2 - Considerable change / Grade 1 - Strong change

(*) Class of Use classification in accordance to ISO 10582

(**) Based on requisites from ISO 14582 and EN14565
